

## 许炜

1994/11/20    安徽    汉族

北京理工大学    自动化    大四

Phone: 13701272640

E-mail: [xuweiam@outlook.com](mailto:xuweiam@outlook.com)

个人博客: <http://blog.hypocrisy.info>

GitHub: <https://github.com/hecate-xw>

## 教育经历及奖项

2012/09 — 至今    北京理工大学自动化专业

2012/09 — 至今    校级 一等奖学金 和 二等奖学金

## 求职意向

应聘岗位: JavaScript 实习生

实习时间: 即日起-----2016/09/01 每周三至四天

## 项目经历

### ◆ 网站的搭建

制作了一个简单的网页导航 <http://blog.hypocrisy.info/bookamrks>, 方便管理自己的收藏网址, 用到了 bootstrap 框架和 jquery, 项目地址: <https://github.com/hecate-xw/bookmarks>  
给学校飞思卡尔车队搭建过 discuz 论坛和 FTP 下载站点。

用 hexo 和 github pages 搭建自己的博客 <http://blog.hypocrisy.info>, 在这个过程中对网站方面的知识了解有所加深。以及在 VPS 上简单做了一个主页 <http://hypocrisy.info>

### ◆ 清华大学语言语音技术中心实习

实习过程中完成了一个音频处理的相关项目, 具体内容是对音频进行秘密信息的嵌入和提取, 利用 Python 完成, 项目地址:

<https://github.com/hecate-xw/Miscellaneous/tree/master/TsinghuaCSLT/audioEmbedded>

## 个人技能

- ◆ 熟练掌握 git
- ◆ 英语的听说读写能力良好
- ◆ 基本掌握 JavaScript
- ◆ 参加飞思卡尔智能车比赛, 熟悉了整个项目的建立与完成, 能够完成一个项目
- ◆ 能够较为熟练地使用 Linux、Python、C 语言等

## 证书

2014/09    全国计算机等级三级网络技术

2013/06    大学英语六级

## 自我评价

保研故时间充足。对互联网行业感兴趣, 虽然不足之处很多, 但希望能够在实习过程中提升自己。

## Personal Information:

Name: Wei Xu

Birthday: 11/20/1994

Phone: 13701272640

Blog: <http://blog.hypocrisy.info>

Gender: Male

Hometown: An'hui Province

E-mail: [xuweiiam@outlook.com](mailto:xuweiam@outlook.com)

GitHub: <https://github.com/hecate-xw>

## Education Background and Awards

2012/09 — Now School of Automation, Beijing Institute of Technology(BIT)

2012/09 — Now First-class scholarship, second-class scholarship for several times.

2015/05: First-class award of Freescale cup intelligent car racing in the range of school.

2015/09: First-class award of ISCC (Information Security and Countermeasures Contest) in the range of school.

## Job Intention

Apply for: JavaScript intern

Duration of Internship: **Now --> 09/01/2016, three or four days per week.**

## Project experience

### ◆ Intern in Center for Speech and Language Technologies

During the internship, I managed to develop the project for disposing audio information. Generally speaking, I try to encrypted the information and embedded it to an audio file, and then you should extract the information from the audio. The program language I used in this project is python for its convenience. And the address of the project source is:

<https://github.com/hecate-xw/Miscellaneous/tree/master/TsinghuaCSLT/audioEmbedded>

### ◆ Create forum and website

- 1) Create a simple navigation so I can access my bookmarks easily, <http://blog.hypocrisy.info/bookamrks>. I used bootstrap and jQuery in this website. The project address: <https://github.com/hecate-xw/bookmarks>
- 2) Create a forum and an ftp site for Freescale team of Beijing Institute of Technology.
- 3) I create a blog of mine by hexo and github pages, the site: <http://blog.hypocrisy.info>, and set up an index: <http://hypocrisy.info> in VPS.

## Skill

- ◆ Be skillful in git, know svn.
- ◆ Can speak and write English well
- ◆ Participated in Freescale Cup Intelligent Car Racing, so I am familiar with the process of project to some extent.
- ◆ Can use Linux and C/Python program language.

## Others

2014/09                      Certificate of National Computer Rank Examination 3 (NCRE-3)

2013/06                      College English Test-6 (CET-6), the score is 483.

## **Self-Assessment**

Because I have gotten a postgraduate recommendation, so I have more free time to work.

I am interested in information technology though I know I still have some shortcomings, and I believe I will get improved during the internship.
